Your Money Goes Mobile

CCU knows you're on the go, and now when you are you can get account balances and histories right on your mobile device. Mobile Money has arrived! Members can now sign up to take advantage of this new service. Mobile Money allows you to send text message requests to receive balances or short account histories. Web enabled mobile devices can also perform basic account transactions with mobile money, like transferring funds between accounts.

This service is free for members. Sign up is easy but you must have Virtual Branch access. Use this brief guide to help you get started:

- Log into Virtual Branch
- Click on the Self Service tab
- Click on the Mobile Money link under Additional Services
- Read and accept the terms and conditions to continue
- Choose the accounts you wish to access and assign them a short nickname (we recommend '01' for savings, '75' for checking)
- Enter the number of your mobile device
- Select the type of messaging service
- Have your mobile device handy and enter the activation code that is sent to you.
- Save the mobile money number to your contacts: 87431

Please note that web enabled phones (except iPhones) will be sent a link to download the Mobile Money phone application.

Don't forget to sign up for eStatements while you are logged into Virtual Branch. Have your statements delivered right to your inbox, instead of your mailbox. eStatements stores up to six months of statements and older statements can always be requested from the credit union. Enrollment is easy—just visit the self service tab while you are logged into Virtual Branch and click the eStatement link. It's safe, easy, and free.
